BRACKET BATTLE

The diagram is a standard single-elimination tournament bracket. It consists of 16 empty rectangular boxes at the bottom level, which are paired into 8 boxes in the level above. These 8 boxes are then paired into 4 boxes, which are paired into 2 boxes, and finally, a single winner box at the top. The entire bracket is symmetrical around a central vertical axis. The title 'BRACKET BATTLE' is centered at the top in a stylized yellow and orange font. The instruction 'FILL OUT YOUR BRACKET FOR YOUR CHANCE TO WIN!' is centered at the bottom in a blue font.
